Price *280.000 € Taxes paid*

Red Hackle was designed by German Frers and belongs to the Mystic 60 series. The construction was closely followed in Taiwan by her first owner, what allowed him to choose the finest veneers and materials for interior construction His goal was circum navigation, everything was build with this in mind, simple but sturdy. The following owners have added bow thruster and electric winches to be able to sail with less crew. She got a full revision in 2009 and a complete revision in 2019 (including new teak deck). This beautifully maintained Mystic 60 is perfectly maintained and ready to go long distance cruising, anywhere in the world.
